RE: Grant Applications for the Upper East Branch White Clay
Assessment Report and Restoration Plan

Dear Dr. Clauser,

The White Clay Wild and Scenic River Program/ White Clay Watershed Association (association) enters this agreement with Clauser Environmental, LLC to assist with the preparation of grant applications to develop an assessment report and restoration plan for the Upper East Branch of White Clay Creek. If the grants are not funded, Clauser Environmental will receive no compensation for the application process. If grant funding is awarded to the association, Clauser Environmental, LLC will be hired to provide the professional services for the project. Clauser Environmental, LLC will be compensated for these efforts under a proposal to be submitted not to exceed the grant award total. If grant funding for the project is received and Clauser Environmental, LLC is not hired to provide the professional services on the project, the association will be responsible to pay Clauser Environmental, LLC's time and expenses associated with the application process in accordance with the attached rate schedule.

We look forward to working with you on this project,

White Clay Wild and Scenic River Program/ White Clay Watershed Association

2021 Rate Schedule

Compensation for personnel shall be in accordance with the following average hourly rates:

<u>Position</u>	<u>Average Hourly Rate</u>
Doctoral Level Scientist/Principal	\$145.00
